Hello Ashley,

I hope this is sufficient for your concerns on the red flag letter.

Patrick

Hello Patrick,

I hope all is well.

That is correct. Sticking to the guidelines is a good direction during your design phase. Let me know when you have a final design and feel free to contact me if you have any questions in the interim. Thanks Molly

Molly Dana

Hello Molly,

We are working with the County on our Boulevard Projects Tierra del Sol 60MW and Rugged 80MW. Ashley would like verification that there is no action needed right now in the discretionary phase of these projects other than to design our project according to the encroachment guidelines. I don't know if you remember meeting with me last year to discuss this? We are not ready with our grading plans yet, but the way I understood you from our meeting is that you need to see our final design before you can release the red flag. Please confirm.
